Nikhita More

Associate Officer, Senior Software Engineer at UBS

+917745894648 | nikhitamore1@gmail.com | LinkedIn

Summary

Full Stack Developer with 3 years of hands-on experience in designing, developing, and owning applications and solutions using a range of technologies and programming languages like React JS, HTML, and Python. I am a team player with a positive attitude focused on achieving project objectives with speed and accuracy. Seeking a challenging opportunity to leverage my skills and grow with the organization. Actively mentored recent graduates and junior developers in my team both in technical and soft skills.

Key Skills		
	-	**Business Analyst**: Taking Requirements, Design Solutions and Building plans
	-	**Mentoring:** Mentor several graduates since joined the company
	-	**Project Management:** Scrum and Agile (use Jira, ADO)
	-	**Coding:** Python, Flask, REST API
	-	**UI:** React, HTML, JavaScript, CSS
	-	**Databases:** MYSQL
	-	**Cloud:** Azure

Career History

Senior Software Engineer (AO)   March 2022- Present

- My main responsibilities as a senior engineer increased as I took upon the added responsibility of an entire project. I am leading one of the key transformation initiatives in IB which has more than 1300+ users.
- Collaborating with the app development team, including the project manager and other developers, to identify problems, by doing testing and best practices.
- Managed time-sensitive updates, such as deploying in production as per planned, leading scrum in agile way.
- I am also in charge of the design of all the UIs for our projects. This is quite a challenge as our organisation has very strict rules for UI interfaces and we need to aligned with several senior managements with our designs
- Designed and developed four full-stack web applications and dashboards that are used by 280+ teams internally.
    - These applications process, analyze, and visualize data from different sources like DB, SharePoint, Tableau, etc. for different clients and businesses.
    - Worked with React JS, React highcharts, Material UI and Ag grid, HTML, and CSS for frontend
    - Used Python Flask, REST API for backend, Supervisor, and Oracle DB.
    - Integration with single sign-on for secure communication with APIs and databases
    - Took complete ownership of these applications with consistent efforts to maintain the documentation, technical dependencies, and workflows
- Actively mentoring two new joiners in the team. I have mentored more than 4 recent graduates and junior developers in my team both in technical and soft skills.
- I have achieved the title of **Certified Engineer** (Silver) by completing 25 skill badges which include Management Endorsements, Mentor and Peer reviews, Core Engineering, and Engineering specialization skills.

Software Engineer (EE)   June 2019-March 2022

- Joined UBS as part of a special programme where only people with high marks could apply.
- I started working as a Frontend Developer in my team.
- Owned and led projects DigiTOC and IWATCH that are used to visualize the active incidents and trading volumes in our business.
- Worked with React JS and python as tech stack, database-driven
- Won various internal recognitions for my ideas and initiatives.
    - TOC excellence award for my contribution towards the base idea and leading the UI team in Digifeed (Apr 2021)

        SPOT award for doing POC in UBS for an application for displaying important metrics to business which later resulted in a major transformation initiative called Digifeed which was used across banks (Apr 2020)

Education

Qualifications	**B.E in ELECTRONICS AND TELECOMMUNICATIONS** May 2019 | *MKSSS Cummins College of Engineering for Women KarveNagar Pune-52* ***CGPA: 9.03***
Publications	Mangale, S., Raje, M., More, N., Sinha, S. and Khambete, M., 2021. Object tracking by adaptive fusion of thermal infrared and visible spectrum imaging using particle filter and structural similarity index metric. Journal of Applied Remote Sensing, 15(04).
Certifications	● Azure Fundamentals AZ-900 ● React (Basic) - *Hacker Rank* ● GitLab Certified CI/CD Specialist ● GitLab Certified Associate
Courses	● Front-End Web Development with React ● Responsive Website Basics: Code with HTML, CSS, and JavaScript ● Python for Beginners ● Python Data Structures ● Data Structures and Algorithms: In-Depth using Python
Languages	● English - Fluent ● Hindi - Native ● German- Beginner
